

****TODDLER PROGRAMS****

Presbyterian Community Nursery School

The Presbyterian Community Nursery School offers a **Tot-Time Program** for children 18 months - 2 1/2 years old and their parent, grandparent, or caregiver. Teacher, child, and adult share a special hour together participating in circle time, arts and crafts, free play, story time, singing and movement activities, and group play.

The **Tot-Time** program runs September - June. Participating children must be accompanied by a parent or caregiver that is able to participate in the program's planned activities. **No Siblings allowed.**

Sessions: 1st Session Sept—Dec; Child must be 18 months old by 9/1
Registration takes place in May

2nd Session Jan—May; Child must be 18 months old by 1/1
Registration takes place in November

Session days/times depend on enrollment.

Children can then move on to our **Next-Step Tater Tots Program** which offers drop-off sessions that include all of the activities in Tot-Time without an adult present. The class has a teacher and assistant teacher in attendance. Children in this program learn to cooperate in a group setting independently. They also learn socialization and language skills to better prepare them for Nursery school. Children entering this program must be potty-trained. The **Next-Step** program runs Oct - June for children turning **2 by 5/1 of the starting year.** The program takes place two days a week for 2 hours. Session days/times will depend on enrollment.

Our Tot-Time and Next-Step programs are filled with fun learning activities that encourage children to express themselves.
