

Child Safety
For Your Home

HunterDouglas

Enhancing Your Home's Windows

As Well As Your Home's Safety

As babies grow, so does their curiosity with the world around them. Basic household items, including window coverings, can turn into potential hazards. Making our window fashions safer for homes with infants and young children is a top priority and we are continuously creating new lifting systems to improve the safety of our products.

Create safer homes with our innovative ideas

Our window fashions, designed with safety in mind, are also a beautiful addition to your home's décor. Choose from an abundant array of fabrics and colors that complement current trends, yet are versatile enough to carry a child's room from nursery to toddler to teen.

From shades, shadings and sheers to shutters, blinds and louvers, you're sure to find the perfect Hunter Douglas window fashion for every room in your home. Read on to learn more about the many safety features we offer, and visit hunterdouglas.com to see our full collection of custom window fashions.

Cordless Operation

Designed with Safety In Mind

Duette® honeycomb shades
with the LiteRise® Touch System

LiteRise®

The LiteRise® Touch System makes raising and lowering blinds and shades easier than ever. Simply use your fingers to raise or lower the window fashion. The elimination of lift cords means enhanced safety for children and pets and an uncluttered look at the window. Available on:

Duette®
honeycomb shades

Applause®
honeycomb shades

Brilliance® pleated shades

Country Woods® wood blinds

Chalet Woods® wood blinds

EverWood® Collection

Modern Precious Metals®
aluminum blinds

PowerRise® and PowerGlide®

PowerRise® is a battery-operated remote control system that eliminates the lift cords and allows you to raise and lower the shades at the touch of a button. PowerGlide® is a similar system for Luminette® sheers. No wiring is required, making these systems easy to install, operate and maintain. Available on:

Silhouette®
window shadings

Vignette®
Modern Roman Shades

Luminette® Privacy Sheers

Duette honeycomb shades

Brilliance pleated shades

SoftRise®

SoftRise® is a proprietary spring-assist clutch system that allows you to gently raise or lower the shade manually without the need for traditional cords. Available on:

Remembrance® window shades

Cordless Operation

Designed with Safety In Mind

Herittance® hardwood shutters with TruView™ rear tilt

Vertiglide™

Hunter Douglas Vertiglide™ vertical pleat system is the ideal choice for side-to-side openings, sliding glass doors or as a room divider. No lift cords, chains, or wands make Vertiglide a natural choice for enhanced safety at the window. Available on:

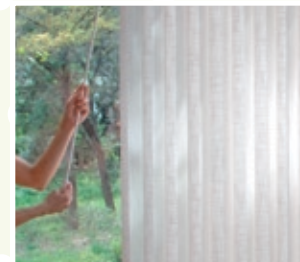

- Duette®** honeycomb shades
- Applause®** honeycomb shades

Custom Shutter Collection

All Hunter Douglas shutters are cordless, significantly reducing any potential safety hazard. The TruView™ rear tilt option on our Heritage® and NewStyle® shutters integrates the operating system into the back of the shutters for even greater safety benefits.

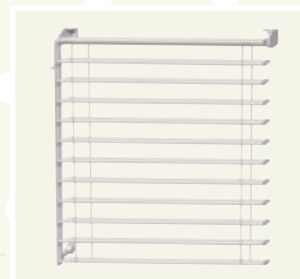

- Heritage®** hardwood shutters
- NewStyle®** hybrid shutters
- Palm Beach™** polysatin shutters

Wand Control

The wand option on select Hunter Douglas vertically-oriented window fashions allows all functions to be controlled by a single wand without the need for operating cords. Available on:

- Luminette®** Privacy Sheers
- Skyline™** Gliding Window Panels
- Custom Vertical Blinds**

Bar Tab System

Exclusive to our Alouette® LightLouvers, the Bar Tab System rotates the louvers using a tilt bar and raises them using a lift tab. This unique operating system offers easy operation and enhanced safety. Available on:

- Alouette®** LightLouvers

Single-Cord Operation

Silhouette® window shadings with UltraGlide® lift system

UltraGlide®

This patented Hunter Douglas system features a retractable pull-cord that maintains a constant length, whether the shade is raised or lowered. This significantly reduces access to the lift cord. Available on:

- Silhouette®** window shadings
- Duette®** honeycomb shades
- Nantucket™** window shadings
- Vignette®** Modern Roman Shades

TruRise®

TruRise® is a state-of-the-art lifting system featuring single-cord operation — pull straight down on the tassel to raise the shade, or lower it by lifting the tassel straight up. The cord never travels beyond 42", eliminating cord pooling. Available on:

- Duette®** honeycomb shades

Other Safety Features

Break-Away Tassels and Cord Stops

Specially developed break-away tassels and cord stops are designed to break open under minimal pressure should a child or pet become entangled in the cord. Available on:

- Silhouette®** window shadings
- Duette®** honeycomb shades
- Applause®** honeycomb shades
- Provenance®** woven wood shades
- Brilliance®** pleated shades
- Custom Vertical Blinds**
- Country Woods®** wood blinds
- Chalet Woods®** wood blinds
- EverWood® Collection**
- Modern Precious Metals®** aluminum blinds

Wand/Cord Combination

The wand/cord combination option integrates both tilt and traverse functions into one easy-to-use control that keeps the cord taut. Available on:

- Luminette®** Privacy Sheers
- Park Lane®** Privacy Sheers
- Custom Vertical Blinds**

Cord Tensioner

Our cord tensioner with spring tension and bracket holds looped cords taut to reduce the risk of an inquisitive child becoming entangled.

Available on:

- Silhouette®** window shadings
- Nantucket™** window shadings
- Skyline™** Gliding Window Panels
- Vignette®** Modern Roman Shades
- Duette** honeycomb shades
- Applause** honeycomb shades
- Brilliance** pleated shades
- Designer Screen Shades**
- Remembrance** window shades
- Provenance** woven wood shades
- Country Woods** wood blinds
- Chalet Woods** wood blinds
- Custom Vertical Blinds**
