EmPower Solar

WRIGHT
Flood

Supervisor **Kate Murray** and Senior Councilman **Anthony J. Santino** present

Rebuild Right... A "How-To" Seminar For Sandy Victims & All Homeowners

"Rebuilding to Code"

Town of Hempstead – Mark Schwarz

An expert on building and permitting requirements, Mr. Schwarz will speak about rebuilding damaged homes to conform to local building code. He will also present information about new energy codes on the local and New York state levels and additional homeowner issues.

"Building as a System"

United Way – Rick Wertheim

Mr. Wertheim's discussion on site preparation will include the "building envelope" (air sealing, insulating and energy efficiency), mechanical systems (plumbing, electrical, heating/cooling and ventilation) and "green" details (water, interior, furnishings).

"Flood Insurance Update"

Wright Flood - Patty Latshow

Ms. Latshow, Principal Flood Coordinator, will speak about rules, regulations and compliance related to the National Flood Insurance Program (NFIP), as well as updated changes to the NFIP since Superstorm Sandy.

"Resiliency in Renewables"

EmPower Solar – Ed Olsen

Mr. Olsen's presentation will focus on renewable energy, with sections including "Solar 101," net metering, the LIPA Solar Pioneer program, economic benefits and financing options and tips on hiring a solar contractor.

Thursday, July 25, 2013 – 7:00-9:00 p.m.
The Helene Fortunoff Theater at
Monroe Lecture Center, Hofstra University

Supervisor **Kate Murray** and Senior Councilman **Anthony J. Santino** present
